

The background of the entire page is a dark blue, starry night sky. In the upper left, a hand is shown holding a blue, textured, and somewhat translucent object. The object has a red, knotted cord around its upper part. The hand is light-skinned and appears to be gently holding the object. The overall mood is contemplative and mysterious.

Human brain & thoughts paina vedic eppudo parishodhanalu chesina vidhanam nannu ashcharya

parichaayi. Intha goppa knowledge enduku andariki andhaledu ani oka pakka badha unna, at least nenu ee janma lo vedic reader ni anna oka goppa feeling undi. Anduloni chaala topics nannu oka kottha dimension lo ee prapanchanni chusela chesindi.

Manishi ante evaru, Manasu ante enti, Mana jananaki moolam enti, Marananiki Karanam enti, Enduku kondaru cheduga pravarthistharu, Enduku kondaru manchi vaalluga brathukutharu, ilanti chaala prashnalaki vedic samadhanam ichindi.

Nenu vedic ni nerchukuntunna anna brama lo srusti manugadani, dhanni pravarthanani, dhanni rules ni naaku telikundane nerchukunna. Vedic chaduvuthunnani rojulu nidra marachipoya, aharam marachipoya, alavaatlu marachipoya. nannu nenu marachipoya. Its like taking LSD back to back. Eppudu aa high alane continue ayyedhi. Enduko telikapoyedhi. Shivudini alane chusthu undipovaali anipinchedhi. Nirantharam shivudi paatale vinevaadini. Chinnaga moham lo navvu undedhi. Kallu eppudu stoned gaane undedhi.

PART 2

CHAPTER 1 : ENERGIES

Nenu Vedic nerchukunna tarvata chaala sarlu andarini odilesi himalayaki velli kailash Parvatam paina undipolani anipinchedhi. It's a weird feeling that I can't put it in words. I was very much attracted towards Tantric Vidya too. Shivudiki inka daggaraga avvadaniki enni routes unnayo anni vethikevadini. Ee vishayam evariki telidu naaku thappa. I kept it that secret. Kamakya temple lo tantric nerpisthaaru ani akkadiki velli Rajashri Nandy garini kalavaali anukunevadini. Akkada oka 6 months undaali anukunevaadini. Chaala vichitramaina alochanalu vacchevi. I was never satisfied with the vedic knowledge that I gained. Prapancham lo andarikanna ekkuva vedic knowledge naake undaali anipinchedhi.

Chaala mudralu abyasincevadini to reach higher self. Mind antha inka ekkuvaga higher energy tho connect avvalane undedhi. Evaritho matladalani anipinchedhi kadu. Because nothing can give me happiness more than shiva does.

Adi oka maya. Oka pure bliss. LSD veskokapoina oka vandha LSD ni okesari veskunattu anipinchedhi. I was high all the time. There was a small smile on my lips and bigger thoughts in my brain. Kalalo kuda universe ela form ayyi untadi alantive vachevi regular ga. Adho rakamaina maya tho munigipothunna time lo somehow, I figured out may be nenu too much mystical side velthunna emo ani.

Somehow, too much love towards my kids & family have made me to come out of that trance.

Vedic knowledge nerchukovadam ledi. Kaani dhaanni control lo pettadam kastam. Okavela manam sarigga control cheyalekapothe it can grab us like really fast. Melliga I learned to control myself by practicing yoga and reiki. Melliga anni ardam ayyevi. Universe ela work chestundi. Ela chaala mandhi develop avthunnaru. Positive affirmations ante enti, ela work avthai. Ila chaala vaatiki answers dhorikai. They somehow transformed my life like anything.

Nenu vedic nerchukunnappudu adigina modhati prashna ento telusa?

“Devudiki ey basha vachu? Ey basha lo korike fast ga react avthaaru” Ani. Aaroju maa guruvu garu aa prashna ki navvaru. Eeroju adhe prashna vinte naaku navvosthundhi.

Devudu prathi chota untadu. Okkokaru okko perutho pilusthu untaru. Okkokaru okko bashalo mukkuthuntaru. Kaani devudiki vachina oke oka basha is to read energies.

May be adhe rich inka rich avvadaniki poor inka poor avvadaniki Karanam emo anipistundi. Ardham avvalada? I can explain it.

Whenever manam temple ki vellina, intlo pray chesina prathi okkaru thama badhalu matrame cheptharu. Leda vaalla demands ni cheptharu.

They release lot of negative energies by doing this.

“Devuda naaku ila aiendi, ala aiendi. Naaku idi ivvu, adi ivvu.” Ila lot of negative energies ni release chesthune untaru. Other people go to temples to trade with god.

“Nv aa ammai nannu love chesela chudu, in return nenu 111 pradakshanalu chestha. Naaku job vachela chudu in return nenu neeku naa first salary hundilo vestha.”

Ila mokkina vaallani konni vandhala mandhini chusi untaru meeru.

What signals are we sending to god? Devudu nijam ga mee 111 pradakshanalaki, mee first salary ki tempt ayyi meeku aa pani chesi pedthaadu? Adhena meeru expect chesedhi? Manam negative energies constant ga release cheyadam valla devudiki meeru inka negative energies kavalanukuntunnaru emo anukune chances boldanni untai. Because ultimately he can only read energies.

Meeru em pray cheyakapoina parledu. Temple ki velli kasepu happy ga chinnaga smile ichi randi. Everything changes within short time. The more you release positive energies is the powerful you can connect to higher self.

Anthe kaani velli trade chesthu universe nundi miracles ni expect chesthe, it's a very bad thing.

Mee father ki food pettalante, ayana mee intlo work cheyaali ane condition pedthe mee father mimalni love cheyagalara? It is as simple as that.

God is universal father? So do you love him if and only if he sort out your demands? Is this love?

Ee basic thing marchipoyi meeru trade chesthu life ni gadapakandi. You should be very conscious on your behaviour when you are in temples or when your are offering prayers anywhere else.

Energies ni handle cheyadam chaala easy. At the same time chaala hard. Meeru positive energies ni matrame release cheyagaligithe chaala easy. Negative energies ni release chesthu unte chaala hard. Nenu ila cheppacho ledolu telidu, but releasing too much negative energies can actually attract negative higher energies. Rather than attracting god.

Mari positive ga undatam ela? Positive energies ni release cheyadam ela? Dhaniki meeru affirmations

ante ento telusukovali. Appude meeru proper ga energies ni ardam cheskogalaru. Ledante meeru lack avvalsi vasthundi.

CHAPTER 2 : AFFIRMATIONS

Nenu consultations time lo observe chesevadini prathi okkaru kuda oka pani modhalu pettadanikanna mundhe aa pani avthundho ledonna negative thoughts ni brain ninda nimpestharu.

Vaallake vaalla paina nammakam undadhu. Oka interview attend avvali ante self-doubting. Oka manchi pani cheyalante self-doubting. Manani badha pettevaalla nundi dooram ga vellalanna self-doubting. Prathidi self-doubting. They are never confident on themselves but they want to make it happen.

Mundhuga manam mana brain ni control cheyadam nerchukokapothe mana brain manani control cheyadam nerchukuntundi. Malli tirigi meeru mee brain ni control loki teeskaravadaniki chaala time padthundi.

Manam eppudu aithe manaki job vasthundho radho anna doubt lo untamo, brain 2 types of information's ni save cheskuntundi.

Information 1 : Job vasthundi.

Information 2 : Job radhu.

Ippudu manaki unna rendu information's lo ey info ni subconscious lo store cheskovali dhenni delete cheyaali ani adhi calculate chesthundi. Mana brain eppudu aina long term gurinchi alochinchadhu. Aa particular moment lo ela undi ane alochisthundi.

Info 1 ni subconscious lo store cheskovadam kastam. Because job vasthundi ante poddhune levaali, prepare avvali, update avthu undaali, time ki padukovaali, ekkuva screen time thagginchaali, friends tho bayata tiragadam thagginchaali ila chaala kastam tho kudukunna pani ani adhi feel ayyi info 1 ni delete chesthundi.

Info 2 ni subconscious mind ki send cheyadam easy. Job radhu ani store cheyadaniki brain em cheyalsina pani. Roju em chesthunnamo adhe pani chesthu

time pass chesthe chaalu. So ee info subconscious mind ni reach avthundhi. Inkemundhi next second nundi interest undadhu, book open cheyaali anipinchadhu. Upgrade avvali anipinchadhu. Simple ga ela unnaro alane kalam gadipesi devuda naaku enduku job raledu ani question chestham.

Adhe manam vasthundho radho anna doubt lo undakunda ela aina vasthundi ani padhe padhe manatho manam cheppagaligithe mana brain ki option undadhu. Unna ekkai option job ravaali anthe. Anduke manam elanti maatalu manaki manam cheppukuntunnam annadhi ee prapancham lo manam ela undaali annadhaanni nirnayisthundi.

Okappudu ela undedhi ante edhaina kavalannappudu munulu konni vandhala samvathraalu gora thappassu chesthe appudu vaallaki adi dhakkedhi. Ippudu instant coffee daggara nundi instant beer daaka prathidi instant aipoyindi. People are very much habituated for this instant life. Natural ga dhenikaina time paduthundi. Kaani, adi digest cheskolekapothunnaru Janam. They wanted to make it happen instantly. Ee

behaviour manishini chaala change chesindi. Positive side nundi negative side ki marchesindi. Oka manishitho matladithe complete ga positive anipinchi naaku konni nelalu avthundi. Because humans are filled with negative thoughts.

Positive affirmations have a very big impact on both psychologically as well as in Vedic.

Ey pani chesina self-doubting tho kakunda positive ga chestharo, Appudu chaala panulu neraveruthuntai. Because meeru brain ki options ivvaledu kabatti. Adhe meeru negative affirmations ni isthu unte mee brain kuda meeru alaga untene comfortable ga untaru emo anukoni adi inka, inka stress and depression loki vellala mimalni ready chesthundi. This is how mind works. So vedic lo manam positive energies ni release cheyali ani psychologically manam positive affirmations ni use cheyaali. Appude we can connect ourself to higher energies.

Mundhuga srusti manaki ardam avvalante manaki manam ardam avvaali. Manani manam eppudaithe complete ga ardam cheskuntaamo automatic ga universe manaki ardam avthu untundi.

“It is easy to understand universe, if and only if you understand who you are.”

Manaki em kavaalo manaki clear ga telinantha varaki manam em chesina andulo ibbandhulu paduthune undaalsi vasthundi.

Janam eppudo real happiness ni odilesi money lo happiness ni chuskodam modhalu pettaaru. What is happiness according to you? ee prashnaki ey okkaru kuda proper ga saraina samadhanam cheppalekapothunnaru.

Money unte happy antaru. Money unte rich avtharu. Happy ga ela undagalaru. If it is true money unna andaru happy gaane undaali kada. Mari ala enduku avvadam ledu? Nenu psychologically chusina case studies lo more than 70% were financially well settled. So money untene happy ga untam anedhi abaddham. Mana daggara edi ledi adi unte happy

ga untam ani mana brain aade naatakam lo kottukupovadam valla vachina thought thappa it is not true.

Happiness is something else. Money can't do anything with happiness. Oka certain period daaka meeru enjoy chesthaaru anthe. Okkasari money ki habituate ayyaka meeku bore kottesthundi. Inkedho kavaali anipistundi. Humans never settle with what they had. They always starve for the things which they don't have. If money gives extreme happiness, shivudiki illu kuda ledu, battalu leka jantuvula charmam tho ollu kappukuntadu. Samadhilo padukuntadu, purrelani medalo veskuntadu. But he is extremely happy most of the times. He dances like anything with happiness. Isn't it a good example to give.

Eppudu aithe manaki happiness meaning ardam avthundo appudu etu chusina mee kallaki peace matrame kanipistundi. Happiness ante prashantanga undatam. Prashantam ga undataniki manam em cheyalsina pani ledu. Kevalam prashantam ga unte chaalu.

When we are very much attracted towards materialistic things ultimately manam real happiness ni odilesi created happiness kosam parigetthinattu avtundi. So created happiness ekkuva rojulu undadhu kada. Expire avthundi. Anduke inkedho kavaali anipisthundi. Malli inko happiness layer ni create chestham. Dhaanni sadinchadaniki try chestham. Adi koddi time tarvata expire avthundi. Next inko layer, next inkoti ila life long layers create chesthune untaru. Life long happiness kosam wait chesthune untaru. But you never find. Enduku ante meeru venakapadedhi real happiness kaadu kada. Ekkuva rojulu undadhu.

Real happiness ni feel avvadaniki meeru run cheyalsina pani ledi. Happy ga kurchoni kallu muskoni em alochinchakunda mind ni control lo pettukogaligithe chaalu. Life is bliss. Ala practice cheyadam valla meeru vaddhu anna meeku infinite answers dorkuthai.

CHAPTER 3 : INIFITE ANSWERS

Life ni manam chusindi chaala thakkuva. It is so much bigger than what we expect. Mana drustilo jeevitham ante kevalam money undatam, anukunnavi anni jaragatam, manam kavali anukunna person manani love cheyadam, edhi em aina sare manam em korukunna anni neravadam.

Okavela nenu meeku “dark magic nerpistha, adi nerchukunnaaka meeru em anukunte adi avthundi.” Anna guarantee ivvagaligithe prapancham lo prathi okkaru nerchukuntaru. Because we want what ever our mind wish for. Limit less ga korikalu koragalaru if in case nenu meeku super powers isthe.

Reality ekkadundhi mana life lo? Maya thappa. Mana life antha manam expect chesina vidhanga continue avthe what’s the point in calling it as life.

Ila unte manam brathikannni rojulu mana mind lo questions matrame untai. Answers undavu. Oka matrix lo manani manam unchukoni only happy ga

undalante adi sadyapadapakovachu. Kaani okka sari beyond matrix alochinchu chudanchi. You will find infinite answers. Prathi prashnaki samadhanam dorukuthundi. Manam at least neat ga undam. Neatness maintain cheyamu. Mana mind neat ga undadhu. We always back bitch on others. We always want to live like others. We always want to compete others. Mana happiness kosam vere vaalla paina satires vese cruel people manam. Asalu manam ekkada unnam mana life lo? Manaki happiness anedhi ela possible avthundi?

Complete ga drug addicts aipothunnam. Entha healthy ga brathukunnam anna dhani paina proud feel avvalsina stage nundi evaru ekkuva alcohol consume chesaaru anna dhaani paina proud ga feel avthunnaru.

Chaala sarlu naaku badha anipinchedhi. Enduku manaki basics ardam avvadam ledi anipinchedhi. Kaani nenu anthe kada. Okavela naa jeevitham lo nenu shivudi cheyyi pattakapoyi unte may be nenu kuda andarilaage unde vaadini emo.

Okkasari manasu prashanthanga chesi chudandi. Okkasari deep breath teeskoni kallu muskoni alochinchandi. Mee prathi prashnaki meeku samadhanam telusu. Yes, nenu gattiga cheppagalanu. Mee prathi prashnaki meeku samadhanam telusu. Kaani meeru aa samadhananni oppukoleka mimalni meeru manasikanga depression, stress, anxiety anna perlatho himsinchukuntunnaru. Because Manalo acceptance thaggipoyindi.

Mana chethilo undalsina happiness vere vaalla control loki vellipoyindi. Now a days mee friend meeku depression ruchi chupinchachu. Mee spouse meeku stress ni gurthucheyachu. Mee partner meeku anxiety alavaatu cheyachu. Because manam mana control lo lemu. Anduke easy ga manani vaallu control cheyagaluguthunnaru. Okkasari manani manam control cheyagaligithe evvaru manani control cheyaleru. Mana happiness ni manam vere vaalla paina leda materials paina kakunda kevalam happiness ni happiness la chusthe manam eppudu happy gaane undagalam.

This world is full of magics. Eppudaithe manaki manam parichayam avthaamo appude you will know the infinite answers.

Oka manishini chusina ventane manaki oka abhiprayam erpaduthundi. Koddi rojulu gadichaaka inko abhiprayam erpaduthundi. Modhati Abhiprayam erpadatanni nenu assalu thappu battanu. Kaani rendo abhiprayam kontha mandhi vishayam lo baaga granted ga erpaduthundi. Adi thappu. Ala cheyadam valla melli melliga manam vaalla control loki vellipothu untam. So entha close aina sare, chivaraki mana spouse aina sare. Vaallu kuda manalanti manushule, vaallaki mood swings untai. Vaallu repu edo okaroju maaripovachu. Emaina jaragachu anna reality lo manam undagaligithe nothing can shock you.

Mundhuga manaki infinite answers teliyalante manam mana control lo undaali. Mana mind mana maata vinaali. Appudu meeku edo crack chesina feeling vasthundi. Prapancham antha kotthaga kanipisthundi. Inko dimension nundi world ni chusthaaru.

Chaala mandhi Tantric ani Mantric ani valla time ni life ni inko perspective nundi chudataniki spend chesthuntaaru. End of the day vaallu melliga manalone kalisipotharu.

CHAPTER 4 : PERSPECTIVE

Mana life lo manam chusthundi matrame nijam, manaki telisindi matrame nijam anukunte manam oka goppa perspective ni miss avthaamu. Science prove cheyanantha matraana adi abadham ani kadu. Manaki telidu ani matrame.

Ikkada andaru manaki nacchina vaalle undaru. Chaala mandhi chestalu manaki ardam kuda kaavu. Manani manam smart anukoni, Em alochinchakunda edhaina pani chesthe prathiphalam expect cheyadam meeku impossible avthundi.

Nenu Vedic ni abyasinchetappudu chaala mandhi sadhuvula gurinchi telusukunna. At the same time chaala mandhi Tantriiks gurinchi chadiva. We all born with same level of grasping powers. Kaani manam peruguthunna time lo manam chusina paristhithulu, vinna maatalu, kalisina manishula valla mana behaviour chaala maaripothundi.

I have seen people who spent 12 hours a day praying shiva to attain higher energy. I have also seen Tantriks who dance nude consuming weed to get closure to Kali maa. Iddarini normal ga chusinappudu matram Manalo okkarigane untaru.

Ee example enduku isthunna ante vaallalo evaru elanti vaallo just vallani chusi guess cheyadam kastam.

It is an unbelievable world. Ikkada manam edhi easy ga guess cheyalemu, evarini poorthiga nammadaniki ledi. Ila chaala vishayaalu eerojuki manani shock chesthune untai. Prathi manishilo There is always side B. ee side B samayaniki thaggattuga bayataki vasthu untundi.

Appati daaka meeru manchi vaaru anukunna vyakthi sudden ga chedu ga anipinchachu. Appati daaka waste fellow anipinchina vyakthi sudden ga meeku manchi vaadila anipinchachu. It all changes with time.

Whenever you stop trusting a person excluding your family. He/she cannot able to create any kind of problem in your life. Because meeru prepared ga untaru kabatti.

Idhe habit prathi vishayam lo undatam valla meeru inko dimension ni chuse chances peruguthundi.

Always look at things with broad mindset and always look at things from eagle eye point of view.

Eppudaithe meeru broad perspective nundi ee prapanchanni chustharo appudu ee prapancham meeku inka better ga ardham avthu untundi. Ila konni nelalu chudatam valla, nijam gaane oka person “hello” anna sound vini meeru athanu meeku enduku call chesi untaadu ani guess chesentha intuition perugutundi. But if and only if you have habit of looking at things from different perspective.

CHAPTER 5 : HOW IT CHANGED MY LIFE

Who is Pradeep ante? Before vedic reading ah after vedic reading ah ani adagachu easy ga. Nenu vedic abyasinchina taravata life lo chaala changes ravadam start ayyayi. Its all magical.

Ee pusthakam rayadaniki gala Karanam enti ante chaala mandhi jeevithaalu Prashnalatho kottukupothunnai. Samadhanala kosam vaallu entha prayathninchina vallaki samadhanam dorakadam ledu anukuntu thama life ni stress tho depression tho nimpesthuntaaru.

Nenu atheist ga unnappudu nenu nammindhe nijam anukune vaadini. Okkasari vedic reader ga maraaka prapancham inko dimension lo kanipinchadam modhalu aiendi. Nenu mee andarini vedic abyasinchamani cheppadam ledu. Kaani prapancham lo inko konam kuda dhaagi undi ani observe cheyagaligithe chaalu.

Meeku enni prashnalaina undachu, entha badha aina undachu. Okkasari meeru manasuni prashanthaga cheskoni alochisthe mee prathi prashnaki meeku samadhanam dhorukutundi.

Kevalam dhanni oppukune antha broad mindset and perspective meeku unte chaalu. You will find infinite answers.

Eppudu aithe manam negative thoughts ni negative energies ni odhilesthaamo aa very particular second nundi manam anukunna panulu okkokatiga neraveruthu untai. Anduke veelu ainantha positive ga untu. Veelu ainantha broad mindset tho things ni persons ni observe chestu untamo appudu chaala nerchukuntaamu.

Negative ga undatam valla inka chaala chedu jarige chances untai. It weakens our aura and welcomes more negative energies to attain our body. I don't want to go deeper in that side. But I can say that its not good for our life.

Ila positive ga undatam modhalu pettina koddi rojullone melli melliga block aina okko chakra tirigi active avthu untundi. Ala avvadam valla Manalo chaala physical changes vasthai.

Chaala healthy ga anipistundi. Eppudaithe mana third eye chakra activate avvadaniki ready ga untundo aa moment lo we fall into spirituality.

But we should never connect too much with god. That energy will grab you. Try to maintain the balance if you want to stay in this matrix.

CHAPTER 6 : THE UNIVERSE

Universe ni ardam cheskovaali ani kuthuhalam tho unna naaku vedic manchi platform aiendi. Kaani melliga universe ani ardam cheskovaali ante mundhu nannu nenu ardam cheskovaali ani telusukoni, nannu nenu ardam cheskunnaaka universe adhe ardam avthu vachindi.

Devudu ledu anna daggara modhalaina naa prayanam, Devudiki mana energies ni ela transfer cheyaali annadhantho mugisindi.

Inka vedic lone unte nannu nenu control cheskolenu ani naaku ardam aiendi. Anduke inka vedic ni abyasinchadam aapesanu. Telisina vaatithone saripettukovaali ani nirnayinchukunna. Because end of the day nenu reality lo unna. Ee matrix lo brathakadam kastam ani telisina naa pillalatho time spend cheyadam naaku chaala ekkuva happiness isthundi, because nenu teeskunna badhyatha neravere dhaaka nenu undaali.

Manam eppudu aithe oka matrix lo brathukuthunnam anna reality manaki telusthundo appudu life inko konam lo kanapaduthundi.

Nannu nenu chaala better ga marchukunna. Na thappulaki pakka vaallani blame cheyadam manesa. Naa anandhaniki pakka vaalla paina satires veyadam aapesa. Naaku em kavalo adhi dhakke dhaaka adi naake dhakkuthundi anna positive energies ni release cheyadam start chesa. Cuss words use cheyadam manesa. Oka men nundi oka human laaga transform ayya.

Okkasari life ni inko dimension nundi chudandi. Chaala kotthaga untundi. Stress, depression, anxiety, suicidal thoughts anni manaki puttagaane vachaaya?

Ledu. Ultimately manam edo kaavali anukunnam, adi dhakkaledu. Leda manaki nacchanidhi edo jarigindi. Anduke manaki ilantivi anni vasthunnai. Dhinni oka butterfly effect tho compare chesthe manam eppudo okappudu right anukoni teeskunna oka decision all of a sudden wrong avvadam valla ilanti symptoms manaki vasthu untai.

Kaani broad mindset tho alochinchandi. Aa decision teeskunna time lo manam adhi right ane anukunnam. So appudu manam em thappu cheyaledu. Time being adi wrong avvadam valla eppudo teeskunna right decision gurinchi worry avvadam anedhi entha varaki correct?

Mana prathi problem ki minimum efforts kuda manam pettakunda temples ki velli trade chestha ante entha varaki correct?

Anduke mundhu meeru mee paina work cheyandi.

Asalu meeku em kaavali?

Mee drustilo nijamaina happiness ante enti?

Meeru positive energies ni release chesthara negative ah ani meeku meeru question cheskoni answers kanukkondi. Aa tarvata meeru vaddhu anukunna prathi question ki meeku answer thelusthu untundi. Just meeru dhanni ardam cheskune stage lo unte chaalu.

Shiva, Naa jeevitham loki vachinanduku thanks.
Nee cheyyi andhinchinanduku thanks. Vedic

nerpinchinanduku thanks. Nannu naake parichayam
